Addendum

G-IV-A-024 Chautauqua Cottage Mountain Lake Park Garrett County Preparer: Helen P. Ross
Date Prepared: March 27, 1997

With the exception of new asphalt roofing shingles, the Chautauqua Cottage in Mountain Lake Park has remained unchanged. When initially surveyed, the octagonal bay was erroneously placed on the east elevation. The bay is actually located on the south wall.

Located immediately west and north of the dwelling is a single story, frame, gable-roofed carriage house or barn. Of unknown vintage, the very plain structure has painted vertical wood siding, a standing seam metal covered roof, and a single leaf sliding door in the north facade.

Chautauqua Cottage is a large frame, 2 storey clapboard house, basically cruciform in plan with a slightly smaller addition on the rear wing. There is a moderatley steep roof (metal covered) supported by very simple brackets. The most notable feature is the porch, or verandah, which wraps around the front of the house (from the front corners of each of the side wings). This porch with its broad roof is supported by champfered columns and brackets; it also has a balustrade with a jig-saw cut-out pattern forming 'balusters'. Some of the first floor windows facing the porch are ceiling to floor length and there is a semi-octagonal bay on the east side of the front wing. The second storey windows at the gable ends of the wings have very sharply pointed tops in the Gothic manner. All windows are shuttered.

STATEMENT OF SIGNIFICANCE (Include Personages, Dates, Events, Etc.)

This Italianate cottage is representative of the type of architecture that was built in Mountain Lake Park when this part of Garrett County hosted important resort hotels. Its Eastlake-like brackets, the Gothic windows, and the symmetrical, but open plan make this a good, though fairly simple, example of vacation architecture in the late 19th century. The name, 'Chautauqua Cottage' evokes the era when people summered in places like Mounatin Lake Park for their mental and spiritual well-being as much as for their health. There are similar houses to this one, a simpler example being found on the south side of D Street below Route 135, and an more elaborate example being 201 I Street (G-47).
